

NFAC 7926-81

MEMORANDUM FOR: Deputy Director, National Foreign Assessment  
Center

VIA: Director, Office of Global Issues  
Chief, International Division

FROM: [REDACTED]  
Scholar-in-Residence, PI/ID/OGI

25X1A

SUBJECT: Request to give oral presentation

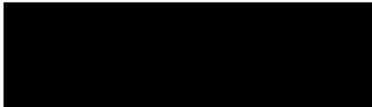

I am a Scholar-in-Residence who entered on duty 23 November 1981. Prior to that date, I had agreed to serve on the panel, Poland Today, Lafayette College, Easton, Pennsylvania, 8 December 1981. The format calls for very brief introductory comments followed by questions from the audience. I shall not, therefore, have a prepared text. My comments and responses will draw upon open sources and upon personal experiences in Poland where I was a Senior Fulbright lecturer during Academic Year 1980/81. I have not had access to any classified materials on Poland. I anticipate that the questions will be quite general and deal with the current social and economic scene in Poland. Questions from students will presumably indicate a strong interest in Polish student life, including the role of the student unions organized under Solidarność.
